

Sharing A Vision

Member To Member Value Program

Sharing
A New Year
A New Vision
A New Chamber

The Board of Directors approved an expansion of the member Benefits Program. Our new benefit program is called Member To Member Value. This benefit provides additional opportunities for you, our Chamber member, in four important aspects:

1. Members will be able to obtain either a discount, service or product at other Chamber member's businesses.
2. By virtue of members offering discounts, service, or product they will have more businesses using their services and products or purchasing their products-helping to increase your business.
3. The Chamber will publicize companies offering discounts, services, or products through its marketing (including in its literature, new member packages, on the web site, etc.).
4. There will be a link from the Chamber web site to all participating business' web sites-driving more attention to their web sites.

This is a win-win for all Chamber members. It will also encourage non-member businesses to join the Chamber which benefit everyone. The stronger the Chamber, the stronger our community.

We have included our Member To Member Value application if you choose to enroll in this Chamber program. There is no cost to you. However, you do need to complete the enclosed application and return to the Chamber office. You also can fax the application to us. (fax telephone 627.5006). In the next ten days you will be able to enroll in this program through our web site too.

If you have not signed up to participate in the Member To Member Value, we strongly urge you to complete the enclosed application and return you application to the Chamber office. Your offering will be available to Chamber members only in good standing. This can be verified by use of their Member To Member Value Card or Key Chain.

Members wishing to take advantage of the Member To Member Value Program must show a current Membership Card or Key Chain for current year identification. We will be offering Member To Member Value counter signs for participating membership. If there are any questions, please contact the Chamber office (627.2383).

Membership Wishing To Take Advantage

As membership renewals originate and new memberships occur they will receive two Member To Member Value Cards and one Key Chain Member To Member Value. The Member To Member Value Cards and Key Chain Member To Member Value confirm a member is in good standing with the Chamber. When a member enters your business and observes you are in the Member To Member Value Program, they can display either their card or key chain showing they are in good standing with the Chamber.
